LAKE

1952

**dedication**

### DEDICATION

Through the dedication of this School annual, we, the class of 1951-52, wish to express to our parents our appreciation for all they have done for us.

The knowledge that they were always standing back of us has given us the encouragement needed to continue our work and study in the face of difficulty and hardship.

We know theirs has been a labor of love and sacrifice and we wish to say: "We love you for it all, and will not soon forget."

### CLASS HISTORY

On September 7, 1945, twenty-five scared but eager little girls and boys enrolled in the first grade at Orange Lake School. We worked, played, and cried some, but at the close of that school year we marched out proudly as second graders.

In 1946 we came back and were joined by six new class mates. However, during the year, some fell by the wayside but in the spring of 1947, twenty-two of us had overcome the second grade. We were now anxiously looking forward to the next one.

We came right back in the fall of 1947 as eager as ever. The work was getting harder but we didn't mind. We just worked that much harder and all of us made the grade. We had acquired two new class mates.

In the fourth grade we found the going rough and often felt like giving up. But with determination and help we emerged a weary but happy class of fifth graders.

The next year we were joined by a new class mate who brought our number up to twenty-five. Fractions and a new subject called "History" almost overcame us, but we worked hard and "licked" both of them. All twenty-five passed the finals and were full-fledged sixth grade students.

In 1950, in the sixth grade, we lost five of our twenty-five and that left us only twenty strong to enter Junior High.

In 1951 we entered first year Junior High or seventh grade. Never again will we feel more important for that was the year we sat in the principal's room for the first time. We thought that to be able to be there was worth all of the worry and work of the past six years. We lost four of our class members and at the end of the year only eighteen of us entered our senior year in Junior high.

Now this year of 1952, we have lost two more of our number which pulls us down to sixteen. We wish all of our class mates of the eight years were with us still and we could all finish together.

As we look back and remember how we lisped when we lost our front teeth; how we sniffed when we had the cold; how we cried when we took shots; how we laughed at each other with mumps, chicken-pox, measles, etc.; how we slipped down when it rained; how we played, worked, and even fought a little; and all the many memories too numerous to mention here, we can only say, "It has been fun!"

We who have stayed together and are looking forward to a happy four years of high school are: Bobby Benefield; Mazie Stork; Shirley Brown; Jerald Clark; Bill Stork; Herman Seaman; Carmen Dewitt; Ray Stork; Shirley Maples; Maude Dees; Alton Patteson; Earline White; Anne Hurd; John Young; Connie McCool.
